PROFESSIONAL SUMMARY

Front-End Developer with experience building responsive, user-focused web applications using React, Next.js, TypeScript, and TailwindCSS. Skilled in translating UI/UX designs into reusable components, integrating REST APIs, and delivering scalable frontend solutions. Experienced working with designers and backend engineers to build performant, accessible, and maintainable applications.

WORK EXPERIENCE

Axendit, Remote

Front-End Engineer

November 2025 - PRESENT

- Actively involved in the frontend development of management systems using **Next.JS, React, TypeScript, TailwindCSS, and Redux**, delivering multi-role dashboards and complex user flows.
- Integrated and managed **APIs**, implemented state management, testing, and optimized application performance, accessibility, and scalability.
- Collaborated closely with designers and backend engineers, leveraging **Docker** and modern workflows to deliver maintainable, production-ready applications.

Retani Consults, Hybrid

Front-End Developer

July 2023 - September 2025

- Built responsive web interfaces and Chrome extensions using **React, TypeScript, and TailwindCSS**.
- Integrated **REST APIs** and optimized performance for speed and accessibility.
- Collaborated with designers and backend developers to deliver scalable, user-centered applications.

VOLUNTEER EXPERIENCE

WordPress Developer

Shalom Edeh Health Foundation, Abuja (April 2025 - September 2025)

- Maintained the organization's website using WordPress, improving usability, structure, and mobile responsiveness.
- Handled ongoing content updates, event publishing, and dashboard management in close collaboration with the content team.
